YOUR PLAYER GUIDE

Try the player before your first lesson.

Video: press Play, pause, or move along the timeline.

Try the 10-second jumps and change playback speed.

Audio: try the same controls at a comfortable volume.

Image: zoom in, move around, then use Reset zoom.

Use the page arrow to continue to page 2.

No school records or learning progress are saved here.

EXPLORE WITH CONFIDENCE

PDF: use the page arrows, scrolling and zoom buttons.

Text: read and select words inside the viewer.

Focus view: make more room without opening another window.

Back: leave Focus view before returning to your workspace.

Samples do not start playing automatically.

Switching samples stops the previous recording.

These controls also work with real lesson resources.

Mark complete only when you finish an actual lesson.
